

Beer Tap Bottle Opener Sign Assembly Instructions

PARTS:

- (A) Sign Plate
- (B) Beer Tap Bottle Opener
- (C) Flanged Cup Washer
- (D) 2x 10-32 Machine Screws
- (E) 2x Wood Screws
(provided with sign plate)

TO ASSEMBLE:

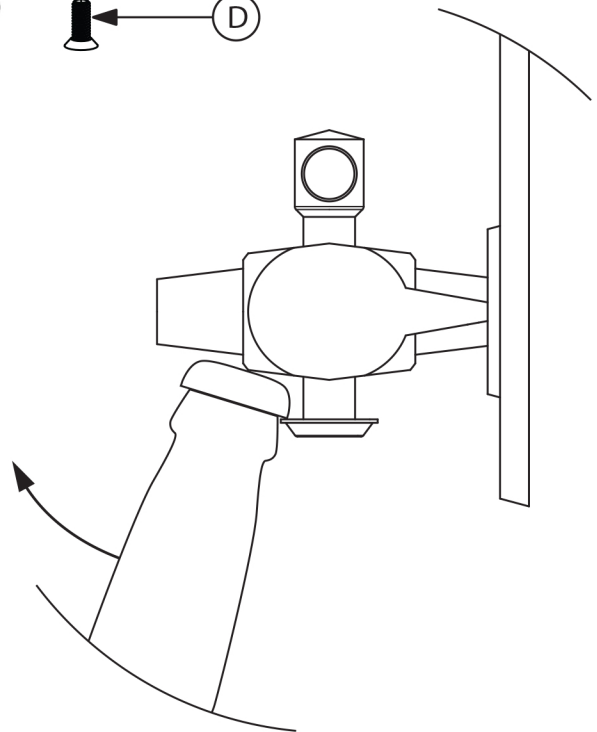

- 1) Push one of the machine screws (D) through the cup washer (C) and thread into the bottom of the beer tap opener (B) as shown. Tighten until the cup washer is secure to the tap.
- 2) Insert the Beer Tap (B) into the face of the Sign Plate (A) as shown and secure with the remaining machine screw (D).
- 3) Attach the Sign plate to the wall in the desired location using the Wood screws (E) provided with the sign plate.
- 4) Grab a cold beer and learn how to open a bottle (see below).

HOW TO OPEN A BOTTLE:

Insert a bottle into the pocket between the flanged cup washer and tap as shown. With the bottom of the bottle cap against the cup washer pull the bottle up and backward until the cap is released from the bottle. Sit back and enjoy!

Note: It should not require a great force to remove the cap from the bottle- Take care to not pull back to fast and hard as this may lead to the calamity of spilled beer.

CLEANING INSTRUCTIONS:

Our Metal Plaques are made of hand-cast aluminum with tough finishes to withstand exposure to the elements. To clean your plaque, use a non-abrasive detergent and water with a cloth, sponge, or soft brush. Note: The simulated weathered bronze cannot be brightened by polishing- This hand-painted finish should retain its finish for many years without special attention.
