

MEDUSA

-THE GAME-

Note: The More People Playing this Game, the Better.

Step One - Everyone sits around in a circle facing each other. Make sure you can see everyone's faces.

Step Two - Everyone puts their heads down or closes their eyes.

Step Three - On the count of 3, everyone opens their eyes and looks around at others in the circle for 5 seconds. **If you make eye contact with someone else- you're both out.**

Once the "lookers" are taken out, put your heads down and repeat step three. The last person (or pair if you started out with even number of people) wins the game.
