

# Saran Wrap Ball

## HOW TO PLAY

**Step One:** Choose a nice gift for the main prize then wrap it tightly in cling film, along with several additional small token gifts. Wrap the ball as big as you want with as many prizes as you want!

**Step Two:** Everyone sits in a circle. Person A has the ball and Person B (to their right) has two dice. While Person A tries to unravel and get what they can from the ball, Person B is trying to roll doubles.

**Step Three:** As soon as they roll doubles everything gets passed to the right. So now Person B has to try and unroll the ball while Person C (who is right of person B) tries to roll doubles. Repeat until someone gets to the prize in the center!
